Description

Studded Heritage Bag - Size: 19" x 12" x 7"

Heritage bags come with heavy duty chrome finished buckles, adjustable yokes, and plastic liner to help retain their shape. The box lid retains the total integrity of the bags, so there is no sliding sideways and no sagging. This also makes the bag 30% more water resistant.

All of our luggage is made with a hybrid black synthetic leather like material, cold crack and UV protected. Saddle Bags come with heavy duty chrome finished quick release buckles, adjustable yokes, internal weather closures plus plastic liner to help them retain their shape.

Web fasteners are on sides and back of bags to allow you to cable tie or lace bags to saddlebag rails-preventing wind shear.
